I&A ELECTRICALS

RELIABLE TODAY. POWERING TOMORROW

About us & Our Team

Our Mission

To design and install electrical systems that are safe by design, fully compliant with applicable standards, and built to perform reliably for the long term on every project, regardless of scale.

Our Vision

To be Mumbai's most Trusted electrical contracting partner known not for the volume of work we take on, but for the consistency, precision, and accountability we bring to every panel, wire, and earthing connection we install.

Our Approach

Every project follows the same disciplined process accurate load calculations, careful material selection, and thorough testing before handover supported by prompt site visits and clear, transparent quotations.

Strength of Our Team

12+
Supervisor

200+
Labours

Irfan Shaikh

Founder

Founded I&A Electricals in 2013, leading project planning, quality assurance, client relationships, and strategic growth with a commitment to excellence.

Arbaaz Khan

Co-Founder

Leads site execution and project coordination, ensuring safe, timely, and high-quality electrical installations across diverse commercial projects.

Karim Shaikh

Co-Founder

Oversees operations and field teams, delivering efficient electrical solutions with a strong focus on quality, safety, and customer satisfaction.
